## Join today!

The number one priority for parents is their children's well-being. More than 30 years' worth of research has proven that children do better when their parents are involved both at home and at school. Grades and test scores climb. Self-esteem grows. Schools improve.

**There's a simple way for *you* to help your child succeed: Join PTA.**

PTA helps parents, students, school staff, and communities work together to share ideas about programs and activities that benefit children. Our PTA provides information and resources that strengthen the connections between children, parents, schools, and the community.
